Summary

Frontend Developer with 2+ years of professional experience building scalable and responsive web applications using React/Next.js and Vue/Nuxt.js. Strong background in modern state management (Redux Saga, Zustand, Pinia) and styling frameworks (TailwindCSS, SCSS). Skilled in cross-team collaboration, code quality practices, and improving developer workflows through tools like Storybook and Chromatic.

Education

Suleyman Demirel University, Almaty   2025
Bachelor of Information Systems (Minor in Information Systems)

Experience

Globerce Capital LTD   Oct 2025 – Present
Frontend Developer

- Spearheaded frontend development for complex Fintech/E-commerce projects using **React (Next.js)**.
- Mastered advanced state management (**Zustand, Redux Saga**) and optimized data fetching strategies with **TanStack Query & RTK Query**.
- Drove UI consistency and accelerated delivery by implementing component testing and documentation workflows with **Storybook** and **Chromatic**.
- Collaborated closely with backend and UI/UX teams to integrate complex microservice APIs.

JARYQ LAB — Outsourcing Company   Mar 2025 – Oct 2025
Frontend Developer

- Built and maintained applications using React (Next.js).
- Applied advanced state management with Pinia, Redux Saga, and Zustand.
- Integrated TanStack Query & RTK Query for optimized data fetching.
- Standardized UI development with Storybook & Chromatic, accelerating delivery.

INIT.KZ   Dec 2024 – Mar 2025
Frontend Developer

- Delivered client projects with Next.js, TypeScript, and Material UI.
- Participated in architecture and component design decisions.
- Developed reusable responsive components for multi-device support.
- Ensured maintainable code with TypeScript and ESLint standards.

MindWave — Educational Platform   Aug 2024 – Dec 2024
Frontend Developer

- Developed interactive UI with Nuxt.js, TypeScript, and TailwindCSS.
- Implemented semantic HTML and SCSS for clean, maintainable styling.
- Worked closely with UI/UX designers for pixel-perfect execution.
- Enhanced accessibility and responsiveness across devices.

FREELANCE - Astana IT Group — Marketplace Project   Nov 2023 – Apr 2024
Frontend Developer

- Built an e-commerce marketplace (Next.js, AntDesign, Tailwind).
- Designed and implemented custom components with Redux state logic.
- Collaborated on architecture and database structure planning.
- Improved performance with code-splitting and lazy loading.

Edukey/EduCode   Jan 2023 – Jul 2023
Frontend Developer

- Created responsive landing pages using Nuxt.js and Tailwind.
- Built UI components with AntDesign and integrated animations.
- Optimized asset loading and reduced bundle size.
- Improved cross-browser compatibility and performance.

Skills

Frontend: React, Next.js, Vue, Nuxt
Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Styling: TailwindCSS, SCSS, AntDesign, Material UI
State Management: Redux Saga, Zustand, Pinia, RTK Query, TanStack Query
Tools & Practices: Git, Storybook, Chromatic, Agile, Code Review, Figma, Jira

Soft Skills

Teamwork, Problem Solving, Leadership, Strategic Thinking, Discipline, Adaptability, Communication

Languages

English (Upper Intermediate) — Kazakh (Native) — Russian (Native)
